

Jim Perry Legends Golf Classic

Dear Brethren,

We have just wrapped up the 2009 Jim Perry Legends Golf Classic held at the Blue Heron Golf Course in Medina, Ohio. We had a wonderful event with sports legends Jim Perry, Max Alvis, Jackie Brandt, Vince Colbert, Gail Cogdill, Russ Fichtner, Vern Fuller, Ned Garver, Burton "Bubba" Gilliam, Greg Kosc, Vern Law, Jerry Lyscio, Don "Monk" Meineke, Hal Naragon, Milt Plum, Cazzie Russell, Chuck Such, Don Sutherin, Frank Thomas, Bill Verdon and Big George Wilson all offering their talent and love of people to make this event a success. We are changing the venue for the 2010 event and have reserved July 26th at the Fox Meadows Country Club who will serve as our host. More details will be sent later on. But for now RESERVE July 26, 2010 for some Golf with a Legend.

I still believe that this is truly a Sponsorship Opportunity for all Masonic groups in our area. As you know Alzheimer's/Dementia is a terrible disease and one that is on everyone's mind especially those who provide the care that they really need. The Masonic Communities in Ohio want to provide that care. We are actively striving to establish a facility presence at the Western Reserve Masonic Community where we can care for those inflicted with this disease. To help offset the operating costs we will again be promoting the Legends Golf Classic in two areas in Ohio; Medina and Springfield. Sponsors are announced in both locations and therefore you get twice the bang for your buck. As you read this email I hope that you will seriously consider talking with your officers and encourage them to place our event in your 2010 charitable budget. Please make your members aware of this event and did I mention that the Ohio Masonic Home Benevolent Endowment Foundation is a 501C3 organization and a portion of their donation(s) could be deductible? Also be assured that the proceeds from the Medina event will benefit Alzheimer's Care and Related Dementia Services at the Western Reserve Masonic Community (WRMC) in Medina. I look forward to your reply.
